

New Island Rank Trials

In accordance with the [taxi ranks action plan](#), in August 2015 we published our [policy](#) on island ranks and extension areas. This policy set out what points will be taken into consideration when designating a new island rank or extension area. An [island rank](#) is a rank located within an All London licence area which certain suburban drivers are also permitted to use.

In accordance with this policy, from 20 July 2016, we are starting a trial of two new island ranks at:

- Junction Road (Archway Station), Islington
 - Rank number: 5786
 - Times of operation: 19:00-02:00
 - Drivers licensed for Haringey, as well as All London drivers, can use this rank

- Clapham High Street, Lambeth
 - Rank number: 5787
 - Times of operation: 19:00-07:00
 - Drivers licensed for the Clapham extension area, as well as All London drivers, can use this rank

These new trial island ranks will be in place for a minimum six months period and will be monitored to assess passenger and driver usage to determine whether they should be designated as island ranks on a permanent basis.

20 July 2016
