Transport for London gears up to inspire more people into engineering

We have announced our support for the [Year of Engineering](#) campaign - we aim to debunk some of the myths around the profession and inspire the next generation of engineers.

Night owls given Overground boost

The [Night Overground](#) has been launched between Dalston Junction and New Cross Gate, with a 24-hour service running on Fridays and Saturdays.

Custom House reopens

Did you know that [Custom House DLR station](#) has reopened, having been closed since early last year for vital modernisation and expansion work.

Victoria's just the ticket

Victoria station's new south [ticket hall](#) opened last week. A challenging but significant project to deliver, the southern ticket hall has increased the station's capacity by 100 per cent.

Did you know that we on the lookout for new apprentices

We have started the search for around 180 new apprentices to kick-start their careers by taking up [exciting opportunities](#) in a range of areas including engineering, cyber security, finance and many others. Are you interested?

Fares frozen for second year

We have frozen fares again this year which means customers will not pay a penny more than they did in 2016.

Tube improvement work completed

Customers are set to benefit from quicker and more reliable journeys

First iconic purple Elizabeth line roundels installed

Stations take shape as the first wave of Elizabeth line roundels now in place.
