

Commercial Vehicle PQQ

[Note: Include the WRRR / HGV DVS statement (6.A.11.1) where vans, car-derived vans or HGVs will be used to provide the goods, services or works]

Transport for London (TfL) promotes safe, sustainable vehicle activity throughout TfL's supply chain. You are asked to register with the Fleet Operator Recognition Scheme (FORS) and encouraged to achieve Bronze accreditation before progressing to Silver and Gold. More information on FORS is available on the FORS website here:

<http://www.fors-online.org.uk/cms/>.

You should note that compliance with the TfL Work Related Road Risk (WRRR) requirements - including FORS Silver accreditation within 90 days of contract award and (where relevant) those relating to the Direct Vision Standard (DVS) for Heavy Goods Vehicles (HGVs) and the Construction Logistics and Community Safety (CLOCS) standard for managing Work Related Road Risk - will be contractually required should you be successful. More information on the requirements can be found here:

WRRR: <https://tfl.gov.uk/info-for/deliveries-in-london/delivering-safely/work-related-road-risk>

DVS: <https://tfl.gov.uk/info-for/deliveries-in-london/delivering-safely/direct-vision-in-heavy-goods-vehicles>

CLOCS: <https://www.clocs.org.uk/>
