Kennington Park Plans 2018 – Upcoming

- Tunnel track foundation Dec ‘17 to April ’18

- Cross passages construction Mid Feb – May ‘18
Kennington Park Plans 2018 – Further Ahead

- Acoustic enclosure removal: July – August 2018

- Removal of concrete slab over the site and excavation of main basement: August – September

- Construction of basement structure: September – May 19
Kennington sites logistics

- We continue to Work Related Road Risk (WRRR) driver training awareness for vulnerable road users, IE cyclists.
- 100% WRRR compliant.
- Once abnormal deliveries have been authorised by the metropolitan police we alert the residents under section 61 explaining the reasons for either working early/late. In addition, there are no planned abnormal loads at present.
- Jan 2018 to March 2018 average of 120 vehicles week.
- Mainly concrete trucks to supply the track foundation
- June onwards will be mainly lorries removing spoil and earth. Approx 60 per day.
