

LONDON SERVICE PERMIT (LSP) BULLETIN No.427

PUBLICATION DATE: 17 June 2019

DATE OF NEXT EDITION: 1 July 2019

DEADLINE FOR SUBMISSIONS: 26 June 2019 (12.00)

**Responses to LSP applications should be made via the Consultation website.
All other communications should be directed as below:**

**Bus Service Licensing & Permitting
Licensing, Regulation & Charging
Transport for London
2nd floor – Zone 2Y4
230 Blackfriars Road, London SE1 8PJ**

**Telephone 020 3054 0137 or Internal Auto 80137
e-mail: lsp@tfl.gov.uk**

GENERAL NOTES

1. Transport for London (TfL) is required to consult relevant London highway, police and certain other authorities on proposals by licensed PSV operators to operate London Service Permit services i.e. bus services that do not form part of the London bus network and are not secured by or operate under agreement with London Buses. The information shown in Sections 2 and 3 of this Bulletin should be regarded as the formal consultation by Transport for London to relevant authorities as required under s186(3)(c) of the Greater London Authority Act 1999 in relation to LSP proposals.

2. Unless stated elsewhere in this Bulletin, any observations or objections in response to LSP proposals contained in Sections 2 and 3 must be made in writing and submitted to TfL at the address shown on Page 1 by the stated closing dates for comments (generally 28 days from the issue of this bulletin).

3. In deciding whether to grant an LSP application, TfL is required to have regard to the Mayor of London's Guidance Document containing the criteria by which applications are to be considered. The Mayor's Guidance Document and an explanatory note on the LSP process may be accessed from the TfL website at <https://tfl.gov.uk/info-for/suppliers-and-contractors/london-service-permits?intcmp=3396>

4. Applications for a new LSP or to vary an existing LSP may be made electronically from the TfL London Service Permits website at <https://tfl.gov.uk/info-for/suppliers-and-contractors/london-service-permits?intcmp=3396>

5. In cases of LSP services which cross the Greater London boundary, the operator must ensure that the service has been registered with the appropriate Traffic Area.

6. The LSP Bulletin is normally published every fortnight and is issued to the following authorities:

all London Boroughs, the City of London and the City of Westminster;
County Councils adjacent to Greater London;
Unitary Authorities adjacent to Greater London;
the Metropolitan Police and the City of London Police;
the London TravelWatch;
DVSA, Leeds.

SPECIAL NOTICES

Disability Awareness Training

EU Regulation No. 181/2011 (Passenger Rights) requires that all drivers of scheduled services receive disability awareness training and that non-driving staff who assist passengers must also receive this training and additionally disability training. All LSP services are in scope of this Regulation, which can be found here:

<https://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2011:055:0001:0012:EN:PDF>

Revisions to LSP application fee

LSP fees are now reviewed annually with changes applied based on RPI. Accordingly, effective from Monday 1 April 2019 the fee for new and renewal LSP applications will be increased from £240 to £250. These changes are for all applications received from the above date.

Variations, cancellations and all applications received from not-for-profit organisations will continue to be free of charge.

Registration of cross-boundary services

The Public Service Vehicles (Registration of Local Services) (Amendment) Regulations 2018 came into force on 24 April 2018, replacing the previous 56 days notice period for registering local bus services in England outside Greater London. The notice period for registrations is reduced to 42 days, plus a new requirement for local authority pre-notification of up to 28 days. This potentially increases the registration notice period to 70 days (10 weeks).

It is the operator's responsibility to ensure that any cross-boundary section of an LSP-licensed service complies with these new requirements. While the standard notice period for LSP applications remains at 12 weeks, operators must submit these applications to TfL no later than the date at which they pre-notify the relevant local authority of their registration.

Permit Duration

A review of the Mayor's Guidance, which sets out the criteria for granting LSPs, is currently being undertaken to ensure it is fit to address applications for new demand responsive services. While this review is ongoing, and with immediate effect, if an LSP is granted for any such service, it will be granted for a maximum period of one year. This includes services for which applications have already been received, but for which TfL has yet to reach a decision on whether to grant.

Accessibility standards for PSVs

The Public Service Vehicle Accessibility Regulations (PSVAR) 2000 apply to all vehicles with a passenger capacity in excess of 22 used on local and other scheduled services (subject to a very limited exemption for heritage vehicles). PSVAR applies to all services under operated

very limited exemption for heritage vehicles). LSP0717 applies to all services under operated under London Service Permits.

For further information, including deadlines by which existing vehicles must be compliant, please see:

<https://movingon.blog.gov.uk/accessibility-standards-for-public-service-vehicles/>

LSP Applications

Operators are reminded that the standard notice period for all new LSP applications and variations to existing Permits is 12 weeks.

Canary Wharf, Canada Square Stop H

Canary Wharf Management Ltd has informed TfL that Stop H in Canada Square is now at capacity. We will therefore not be accepting any applications for additional services at this stop until further notice.

Great Tower Street

Access to Great Tower Street from Byward Street is not permitted at any time unless directed by City of London Police. This junction forms part of the City of London security cordon and as such access is strictly confined to limited and pre-agreed TfL bus network services and rail replacement services operated on behalf of TfL. The junction is monitored continually by City of London Police via CCTV.

LSP0896: London Duck Tours Ltd, London Duck Tour

LSP0896 has been suspended until further notice.
