Therapia Lane to Turnham Green 99
Upminster to Uxbridge 103
Vauxhall to Victoria 104
Waddon Marsh to Woolwich Arsenal 104
Further information 117
How to plan your journey

1. Check your starting and destination station, plus any connections.

2. Refer to the station index for additional access and connection details at each station.

3. Check your return journey as this may require a different route or use an alternative station entrance.

4. Check that you can manage the step and gap from the platform to the train.

5. Check the availability of lifts on tfl.gov.uk or by calling Transport for London’s 24-hour travel information number 0343 222 1234* (Service and network charges may apply. See tfl.gov.uk/terms for details).

*Service and network charges may apply. See tfl.gov.uk/terms for details.
Manual boarding ramps

At some stations access to the train is by manual boarding ramp. If you plan to travel on London Overground or TfL Rail, staff will be available at stations to assist you with your journey. You can pre-book assistance by calling 0343 222 1234*.

If you intend to use manual boarding ramps you do not need to book in advance, but please read the information below:

• Speak to a member of staff in the ticket hall and let them know where you are travelling to.

• Staff will operate the boarding ramp and assist you with getting on the train if you require.

• If required, staff will arrange for you to be met at your interchange or destination by a member of staff with a boarding ramp.

• If you are boarding at a station with level access (Step between platform and train 0 – 50mm (0 – 2 inches), gap between platform and train 0 – 85mm (0 – 3.3 inches)) and travelling to a station with a boarding ramp, please speak to a member of staff before boarding the train, so that they can arrange for you to be met.

• If you are changing between lines and need the boarding ramp to be operated, please speak to a member of staff on the platform or use the ‘information’ button on a Help point.

• If platforms and/or trains are very busy, it may take a while before there is space to get on the train.

• The boarding ramps can take a maximum of 300kg (approx. 47 stone). This includes your weight, the weight of your wheelchair and the weight of anyone assisting you.
Further journey information

If you experience problems with your planned route contact a member of staff at the station (or use the Help point).

If you need assistance, please ask a member of staff who will assist you if they are able and it is safe to do so.

If you are unable to complete your planned step-free journey because the lifts are out of service, we will help you find an accessible route to your destination, including booking you a taxi if there is no suitable route by public transport.
Station Index

Abbey Road

- Access via lift(s)
- Main bus interchange
- Accessible toilet on site or nearby
- Step between platform and train 0 – 50mm (0 – 2 inches)
