There were no actions from the last meeting.

**Actions from Previous Meetings**

Minute No.	Item/Description	Action By	Target Date	Status note
49/11/09	<u>Pedestrian Countdown and Pedestrian Behaviour Research Update</u> The potential benefits of installing countdown for drivers to be investigated.	Garrett Emmerson	-	Given the dynamism of SCOOT control in London, installing countdown for drivers would be difficult. Furthermore, there is no available funding to progress such an initiative any further.
