

oneroadnetwork: one website, one stop for news, discussion and networking

Dear Colleague

We would like to invite you to learn more about the **oneroadnetwork** website, www.oneroadnetwork.org.

Please take a moment to read what it has to offer and how it can benefit you.

It's **free** to become a member – *so do not delay and join today!*

What is oneroadnetwork.org?

www.oneroadnetwork.org is the UK's leading news, collaboration and networking website for street works and traffic management practitioners.

It provides thousands of members nationwide with information on industry disciplines such as: coordination, Fixed Penalty Notices, highway activities, inspections, permitting and events. It also includes industry-related news articles, health and safety information, professional development, a library, and most recently, an industry-related jobs board.

Members can also join a growing number of private working groups and online communities, all hosted on the website and accessible via a single login.

Benefits

As a member you gain access to the following:

- **News:** read about all the latest developments in street works and traffic management
- **Forum:** debate and discuss ideas, thoughts and questions with fellow industry professionals
- **Communities:** join or create dedicated sections for special interest groups
- **Events:** find out about future events, training opportunities and upcoming conferences
- **Address book:** get contact details for 4,000 site members and fellow industry professionals
- **Library:** view, store and share legislation, best practice, codes of practice and meeting notes
- **Jobs Board:** view and apply for industry related jobs
