This paper will be considered in public

1 Summary

1.1 TfL’s primary internal governance document is Standing Orders which set out the role and responsibilities of the Board, the decision-making structure and proceedings of the Board and the delegation of authorities to groups and individuals beneath the Board within TfL.

1.2 This paper sets out proposed changes to Standing Orders. The main reasons for the changes are to update Standing Orders to take account of new powers available to TfL, to reflect changes in some of TfL’s reporting lines, to clarify the application of Standing Orders to commercial property activities and to refine some of the provisions more generally to add greater clarity.

1.3 To enable the Board itself to focus on strategic oversight of TfL in its operations and its plans for investment and development, some matters currently reserved to the Board are proposed to be delegated to its Committees. The combination of the strength and depth of the Committees’ members and their focus on specific aspects of TfL’s business will enable a better level of scrutiny; it will also enable decisions to be made more quickly where that agility is necessary and reduce the need for ad hoc delegations from the Board. As now, Committee meetings are held in public and any Board member may attend and receive the meeting papers, whether or not they are a member of the Committee concerned.

2 Recommendations

2.1 That the Board note the paper and:

(a) approve the proposed revised Standing Orders, including revised authorities as set out in Appendix 1 to this paper;

(b) approve the revised terms of reference of TfL’s Committees and Panels as set out in Appendix 2 to this paper; and

(c) delegate to the Deputy Chair of TfL, in consultation with the Chair and members of the Remuneration Committee, approval of revised terms of reference of the Remuneration Committee,
3 Background and outline of proposed changes

3.1 The key changes that are proposed are summarised below.

Standing Orders

3.2 Since the last revision of Standing Orders in September 2016, TfL has been given new powers to form limited liability partnerships. Standing Orders currently refer to companies and so the proposal is to widen this to refer to ‘entities’ or ‘corporate entities’ to cover other types of corporate vehicles such as limited liability partnerships.

3.3 As TfL’s commercial activities evolve, further clarity is needed on the application of Standing Orders to those activities. There are, therefore, proposed changes to a number of definitions, such as ‘Land Transaction’ and ‘Commercial Development’ to reflect this and also to clarify the approach to valuing Land Transactions for the purpose of determining who has the correct level of approval authority under Standing Orders. Some of the approaches to governance of Programmes are also proposed to apply to Land Transactions.

Corporate Entities

3.4 Following the establishment of TfL’s Property Partnerships Framework, TfL will set up or take interests in an increasing number of corporate entities as part of the joint venture arrangements. To help streamline this process, the proposal is for the Finance Committee, rather than the Board, to approve the formation, acquisition or disposal of corporate entities by TfL in relation to commercial development activities. A similar delegation is proposed for the Programmes and Investment Committee should the matters before that Committee entail new corporate structures. There is also a proposal to delegate authority to the Commissioner to appoint and remove directors of TfL subsidiary, associate or joint venture entities where TfL’s approval is required. It is also proposed that the Commissioner is appointed shareholder representative on behalf of TfL in respect of its subsidiary Transport Trading Limited.

Reporting Lines

3.5 Changes in some reporting lines within the TfL structure and the creation of new positions also require consequential amendments in Standing Orders. For example, not all Directorates are headed by a Managing Director as defined in Standing Orders and specific adjustments have been proposed to cater for that structure. The Commissioner has also been added to the list of officers who can give certain permissions, for example the ability to authorise TfL officers who can sign documents and give permissions under Standing Order 129 which implements the Board’s general delegation to TfL officers in relation to their day to day responsibilities. The Commissioner may also exercise delegations which are otherwise given to specific Officers. Other new positions have been added where appropriate, for example, Chief Procurement Officer.
Delegations

3.6 To enable a comprehensive view to be taken by the Finance Committee and the Programmes and Investment Committee on the matters before them, it is proposed that the £25m cap on their respective delegations to give unbudgeted Financial Authority should be removed. The Programmes and Investment Committee currently has unlimited Programme and Project and Procurement Authority and the Finance Committee has unlimited Land and Procurement Authority. This change will bring Financial Authority within the same arrangements and levels of authority.

3.7 Approval of all Transactions over £25m that are not otherwise specifically within the remit of the Finance Committee or the Programmes and Investment Committee will be delegated to the Finance Committee unless, by agreement with the Chair of the Programmes and Investment Committee, a matter should be considered by that committee.

3.8 The Chairs of the Programmes and Investment Committee and Finance Committee will continue to report to the Board on all matters considered and approved by the respective Committees. Further, the Deputy Mayor and Chairs of these Committees can refer any matter to the Board for consideration if they consider it appropriate and Board Members who are not members of these Committees can attend but not vote at any meeting if they so wish.

3.9 Given that, subject to the approvals requested in this paper, the Finance Committee and Programmes and Investment Committee will consider for approval the majority of Transactions over £100m, it is further proposed to clarify that the existing ability for committees (but not Officers) to sub-delegate their authorities can apply to all matters within their respective remits.

3.10 The Commissioner is also proposed to have unlimited authority to approve the receipt of income or other benefits under third party section 106 planning agreements which are not explicitly referred to in current Standing Orders.

3.11 Consideration has also been given to the level of authority given to the Commissioner under Standing Orders, in light of the review by the Rt. Hon. Dame Margaret Hodge MP of the Garden Bridge project and the Board has already agreed a number of governance changes in relation to decisions concerning Mayoral Directions following the recommendations made in that review.

3.12 The number of decisions made by the Commissioner up to the current level would make any reduction impractical. To strengthen the processes that support those decisions and the transparency and recording of any authority exercised by the Commissioner or the Chief Finance Officer, it is proposed that:

(a) the internal review processes will require any request to be circulated to the appropriate representatives of all relevant disciplines within TfL, including in all cases the General Counsel and Chief Finance Officer; before any authority is granted;

(b) if the authority request is for something not in the Business Plan or Budget, the Chair of the relevant Committee to which the matter relates will also be consulted before any authority is granted; and
(c) the current standing report to the Programmes and Investment Committee on Project Monitoring – Programme and Project Approvals will be expanded and specifically reference if the authority granted was for an item outside of the Business Plan or Budget. A similar report will be submitted to the Finance Committee in respect of all other matters. The Finance Committee will also receive reports on the implementation of Mayoral Directions (see paragraph 3.22).

3.13 Changes to Committee Terms of Reference as a result of the review of the Garden Bridge project are proposed and noted below; this addresses one of the actions set out in a paper on TfL’s response to the Hodge Review that was presented to and approved by the Board at its meeting on 19 July, having previously been considered by the Programmes and Investment Committee and the Audit and Assurance Committee. TfL has committed to implementing at officer level the other actions in response to the Hodge Review that were approved by the Board.

3.14 Standing Orders currently allow early expenditure to be incurred on feasibility and early design work where the relevant matter will ultimately require Programme and Project Authority. It is proposed that the same principle applies to feasibility expenditure in relation to Land Transactions which will ultimately require Land Authority.

3.15 Current Standing Orders do not cover in detail what should be taken into account when valuing a Land Transaction for the purpose of determining who can give the relevant approval. A greater level of detail is now proposed, making it clear that all elements of a Land Transaction must be taken into account in order to assess the overall financial implications for TfL, including matters such as guarantees, indemnities and risk. This means that, for Commercial Development activities, the Finance Committee will be considering financial analysis that is more closely aligned to that considered by the Programmes and Investment Committee in relation to Programmes.

3.16 There is also a proposed clarification in Standing Order 182 to ensure that where an activity will generate income, that should be taken into account when determining appropriate levels of authority in addition to the relevant levels of expenditure and not ‘netted off’. The definition of ‘budgeted funding’ for the purposes of approvals under Standing Orders will also be amended to make clear that receipts as well as expenditure require relevant approval.

3.17 An amendment is proposed to simplify the delegation for handling decisions on changes to the bus network, London Service Permit applications, the erection of bus shelters and authorised persons to collect penalty fares, so that they may be made by any one director of the relevant company.

Other Changes

3.18 There are other proposed amendments which do not make any substantive change to Standing Orders but make certain matters explicit where they were previously implicit, for example, making it clear when Procurement Authority will be included in Land Authority and vice versa and making it clear that the Director of Commercial Development has unlimited authority in relation to compulsory
purchase compensation payments where they are within the overall project approved budget. Some changes have also been made to administrative matters that do not affect the delegations given by the Board, including updates to the Glossary.

Committees and Panels Terms of Reference

Finance Committee

3.19 It is proposed that changes are made to the remit of the Finance Committee in relation to advising the Board on Treasury Management matters, to reflect the approach taken in the Treasury Management Strategy adopted in 2017.

3.20 In line with the greater focus that is proposed to be placed on Commercial Development activities in Standing Orders, more detailed provisions are proposed in the Terms of Reference for the Finance Committee for scrutiny of those activities. Specific provision is made for oversight of TfL’s activities in consultancy, particularly internationally, as agreed with the Board when considering proposals on TfL International at its meeting on 19 September 2017.

3.21 It is proposed that the matters currently reserved to the Board in respect of Taxi Fares and Taxi and Private Hire licence fees and regulation be delegated to the Finance Committee. To avoid duplication, the consideration of these issues should also be removed from the remit of the Customer Service and Operational Performance Panel.

Finance Committee and Programmes and Investment Committee

3.22 As part of TfL’s response to the Hodge Review of the Garden Bridge project, an action approved by the Board was for the implementation of Mayoral Directions to be kept under review by the Finance Committee where they relate to TfL’s statutory powers or TfL’s Commercial Development activities and by the Programmes and Investment Committee where they relate to TfL’s projects and programmes, including the Investment Programme. This is reflected in the Terms of Reference for those committees.

3.23 As outlined above, in order to help streamline the process for dealing with corporate entities associated with joint ventures and other commercial development activities, the proposal is for the Finance Committee and the Programmes and Investment Committee, rather than the Board, to approve the formation, acquisition or disposal of corporate entities by TfL in relation to the matters they are respectively considering.

3.24 To avoid the anomaly of non-project/routine matters with a value over £100m being considered by the Board, whereas more complex matters have been delegated to the Finance Committee or the Programmes and Investment Committee, it is proposed that such matters are within the remit of the Finance Committee, regardless of value and whether budgeted or unbudgeted.

3.25 There may be Transactions which are not clearly within the remit of either the Finance Committee or the Programmes and Investment Committee. In such cases it is proposed that those Transactions will come within the remit of the
Finance Committee unless the Chair of that Committee agrees otherwise with the Chair of the Programmes and Investment Committee.

3.26 Similarly, where there are matters within the remit of either the Finance Committee or the Programmes and Investment Committee but which are considered by the respective Chairs of those committees better handled by the other committee, that can be done by agreement between the Chairs of the respective committees.

3.27 The Terms of Reference for both the Programmes and Investment Committee and the Audit and Assurance Committee are proposed to be updated to reflect the revised approach to liaison with the Independent Investment Programmes Advisory Group, as agreed with those committees following the independent review carried out by TC Chew. A Mayoral Direction to reflect this revised approach and the other governance changes agreed following the review is also being progressed.

Remuneration Committee

3.28 The Terms of Reference of the Remuneration Committee are proposed to be updated to reflect the recommendations from the Board’s review of its effectiveness that the Committee should advise the Commissioner on nominations and recommendations on appointments and salaries for key appointments at the most senior level, including advice to the Mayor on senior salaries and to review TfL’s approach to addressing diversity and pay disparity across the organisation. The Board is asked delegate to the Deputy Chair of TfL, in consultation with the Chair and members of the Remuneration Committee, approval of revised terms of reference of the Remuneration Committee.

Transport for London

Standing Orders

From 10 November 2017.
Summary and explanation

This summary is a guide to the basic principles of how Transport for London (TfL) works and what decisions can be made and by whom.

Establishment and relationship with the Greater London Authority

TfL is the integrated transport authority for London. Its purpose is to keep London moving, working and growing, and to make life in London better.

TfL was created in July 2000 by the Greater London Authority (GLA) Act 1999, which covers the appointment of the Members of the TfL Board and sets out many of TfL’s statutory powers and duties.

The GLA is the strategic regional authority for London, with powers over transport, policing, economic development and fire and emergency planning. The GLA consists of an executive Mayor of London and the London Assembly (which has scrutiny powers) and it has functional bodies. TfL is a functional body of the GLA.

The Mayor:
- appoints the TfL Board;
- determines TfL’s budget for each financial year, having consulted with the London Assembly; and
- has the power to direct TfL to do certain things.

The London Assembly:
- holds the Mayor to account by publicly examining policies and programmes through committee meetings, plenary sessions, site visits, investigations and at Mayor’s Question Time; and
- is consulted by the Mayor before producing statutory strategies and the budget for the GLA Group (including TfL).

Introduction to and structure of Standing Orders

Standing Orders are the primary internal governance document for TfL. They set out the role and responsibilities of the Board, the decision-making structure and proceedings of the Board and the delegation of authorities to groups and individuals within TfL.

Standing Orders are organised into three parts and a glossary. A separate document sets out the membership and terms of reference of the Board’s Committees and Panels.

Part 1 explains how the Members of TfL are appointed and the range of knowledge, skills and experience that form the criteria for their selection. Together, the Members constitute the Board.

This part defines how the meetings of the Board and its Committees and Panels operate. This includes how meetings are called, how agendas and papers are issued, who attends the meetings, how Members’ interests are dealt with, how Officers report to Members and how documents are sealed and executed.

This part also sets out the rights of Members and the public to access information and attend meetings. TfL is committed to transparency in its decision-making and seeks to keep to a minimum the amount of information that is exempt from publication and the exclusion from the meeting of the public and press for the consideration of exempt information.

Part 2: Scheme of delegation

Part 2 sets out the matters that are reserved to the Board and those that are delegated to its Chair, Committees, Subsidiary Entities and to Officers.

The Board reserves to itself approval of the most important matters affecting the organisation, including:

- the provision of strategic guidance;
- approval of key decisions, such as TfL’s Business Plan, the detailed TfL Group Budget, the Annual Report and Statement of Accounts and strategic issues; and
- the appointment and removal of the Members of Committees and Panels, directors of some of its Subsidiary Entities and associate or joint venture entities, advisers and the Commissioner for Transport and specified other senior staff.

The Board delegates authority to the following:

- **The Chair of TfL** – in situations of urgency, the Board delegates to the Chair the exercise of any of its functions;
- **Committees** – the Board delegates specific significant matters to its Committees as set out in their terms of reference;
- **Subsidiary Entities** – the Board delegates to its Subsidiary Entities the discharge of functions relevant to each Entity’s role and responsibilities, unless reserved to the Board.
- **Officers** – subject to financial limits, the Board delegates the day-to-day management of TfL to the Commissioner, Managing Directors and other Officers. They are responsible for the delivery of the Business
Plan, as well as operational and budgetary performance. Standing Orders specifies the general delegations to these Officers and in relation to specific activities or parts of the business.

**Part 3: Scheme of authorities**

Before any Project is embarked upon or any Transaction is entered into on behalf of any member of the TfL Group, the necessary Authorities must have been obtained in accordance with the Scheme of Authorities. This part explains the types of Authority required, sets out a Table of Authorities that relate to authorising bodies and post holders and other requirements relating to the grant of Authorities.

**Glossary**

The Glossary defines terms used throughout Standing Orders and in the constitution of TfL’s Committees and Panels.

18. No business may be transacted at a Meeting unless a Quorum is present.

19. The Quorum in relation to any resolution is four Members who are entitled to vote.
20. Members participating in a Meeting by way of telephone or video conferencing facilities count towards the Quorum provided they are entitled to vote.

**Attendance by Officers**

21. Unless the Board decides otherwise the following persons, or their designated representatives, will be present at Meetings to provide advice:

(a) the Commissioner;
(b) the General Counsel; and
(c) the Chief Finance Officer.

22. With the Commissioner’s agreement other Officers may attend all or any part of a Meeting to provide advice.

**Attendance by the public**

23. A Meeting shall be open to the public except to the extent that they are excluded under standing order 24 or by resolution under standing order 25.

24. The public shall be excluded from a Meeting during an item of business whenever it is likely in the opinion of the Chair, that in view of the nature of the business to be transacted or the nature of the proceedings, if members of the public were present during that item, confidential information would be disclosed to them in breach of the obligations of confidence.

25. TfL may by resolution exclude the public from a Meeting during an item of business whenever it is likely, in the opinion of the Chair, that in view of the nature of the business to be transacted or the nature of the proceedings, that if members of the public were present during that item there would be disclosure to them of Exempt Information.

26. A resolution under standing order 25 shall:

(a) identify the proceedings, or the part of the proceedings, to which it applies; and
(b) state the description, in terms of the definition of the Exempt Information giving rise to the exclusion of the public,

and where such a resolution is passed, the Meeting is not required to be open to the public during proceedings to which the resolution applies.
27. When a Meeting is open to the public:

   (a) TfL does not have the power to exclude members of the public from the Meeting except to suppress or prevent disorderly conduct or other misbehaviour at the Meeting;

   (b) TfL shall allow any person to attend the Meeting for the purposes of reporting and allow any persons with the aim of reporting to use any communication methods, including the internet, to publish, post or otherwise share the results of their reporting activities, during or after the meeting; and

   (c) duly accredited representatives of newspapers attending the Meeting for the purpose of reporting the proceedings for those newspapers shall, so far as practicable, be afforded reasonable facilities for taking their report and, unless the Meeting is held in premises not belonging to TfL or not on the telephone, for telephoning the report at their own expense.

Meetings held by telephone or video conferencing facilities

28. With the agreement of the Commissioner before the Meeting, or the Chair at the Meeting, Members may participate in a Meeting by telephone or by the use of video conferencing facilities provided that:

   (a) all Members present at the Meeting can hear each other and, in relation to public Meetings, can be heard by the public; and

   (b) all Members can effectively participate in the proceedings or alternative arrangements can be made where a Member cannot participate in this way by reason of a disability.

Calling, frequency and notification of Meetings

29. Public notice of the time and place of the Meeting shall be given by posting it at TfL’s Head Office and, if the Meeting is to be held at premises other than those offices, at those premises, at least five clear working days before the Meeting or, if the Meeting is convened at shorter notice, then at the time it is convened.

30. All ordinary Meetings will:

   (a) be called by the General Counsel;

   (b) have at least 10 working days’ notice given before the Meeting date; and

   (c) be held at least six times a year or at such greater frequency as determined by the General Counsel in consultation with the Commissioner.
31. A special Meeting may be called at any time by:
   (a) the Chair;
   (b) the Chair of any Committee;
   (c) the General Counsel, in consultation with the Commissioner; or
   (d) written requisition in accordance with standing order 32.

32. A special Meeting must be called by the General Counsel after receipt of a written requisition that specifies the item(s) to be considered, submitted to the General Counsel by at least four Members. A written requisition can consist of one or more documents. In the latter case the receipt of a document that brings the total number of Members requisitioning a special Meeting to at least four will trigger the requirement for the General Counsel to call a special Meeting.

33. Subject to standing order 34, the notice period for a special Meeting will be determined by the General Counsel, in consultation with the Commissioner, and must be as long a period as is practicable.

34. A special Meeting requested by a written requisition to the General Counsel under standing order 32 must be held within 10 working days of receipt of the requisition by the General Counsel.

35. Where practicable the General Counsel must notify all Members of the time and place of any Meeting and provide the agenda and any papers for the Meeting to all Members.

Agenda

36. With the agreement of the Commissioner, in consultation with the Chair, any Member may place items on the agenda of an ordinary Meeting by submitting written notice of such items to the General Counsel at least 10 working days before the Meeting.

37. With the agreement of the Commissioner, in consultation with the Chair, any Member may place items on the agenda of a special Meeting by submitting written notice of such items to the General Counsel as soon as practicable after notification of the Meeting. However the Commissioner’s agreement is not required for items to be placed on the agenda of a special Meeting called under standing order 32 provided they were specified in the requisition to the General Counsel.

38. An item of business may not be considered at a Meeting unless either:
   (a) a copy of the agenda including the item (or a copy of the item) is open to inspection by members of the public in accordance with standing order 43 below; or
(b) by reason of special circumstances, which shall be specified in the
minutes, the Chair is of the opinion that the item should be
considered at the Meeting as a matter of urgency.

39. Agenda items which are not considered at a Meeting will be carried
forward for consideration at the next ordinary Meeting, unless
considered at a special Meeting.

Distribution of papers

40. Agendas and papers may be distributed by electronic means where
appropriate.

41. The agenda and papers for a Meeting, including those provided by
electronic means, will be deemed to have been received on the day after
they were sent.

42. Provided that the agenda and/or papers for a Meeting have been
dispatched in accordance with Standing Orders, or by an alternative
method specified by the General Counsel, their non-receipt by any
Member shall not invalidate the business transacted at that Meeting.

Availability of agendas and papers

43. Copies of the agenda or any report for a Meeting (subject to standing
order 49) shall be open to inspection by members of the public at TfL’s
Head Office in accordance with standing order 44.

44. Any document which is required by standing order 43 to be open to
inspection shall be so open at least five clear working days before the
Meeting, except that:

(a) where the Meeting is convened at shorter notice, the copies of the
agenda and reports shall be open to inspection from the time the
Meeting is convened; and

(b) where an item is added to an agenda, copies of which are open to
inspection by the public, copies of the item (or of the revised
agenda) and copies of any report for the Meeting relating to the
item, shall be open to inspection from the time the item is added to
the agenda,

however, copies of any agenda, item or report shall not be open for
inspection by the public until copies are available to Members.
45. If copies of the whole or part of a report for a Meeting are open to
inspection by members of the public:

(a) those copies shall each include a copy of a list, compiled by the
General Counsel, of the background papers for the report or the
part of the report; and

(b) at least one copy of each of the documents included in that list shall
also be open to inspection at TfL’s Head Office.

46. Background papers for a report are those documents relating to the
subject matter which:

(a) disclose any facts or matters on which, in the opinion of the
General Counsel, the report or an important part of the report is
based; and

(b) has, in the opinion of General Counsel, been relied on to a material
extent in preparing the report,

but does not include any published works.

47. Where a copy of any background paper for a report is required to be
open for inspection by members of the public, the copy shall be taken to
be so open if arrangements exist for its production to members of the
public as soon as is reasonably practicable after the making of a request
to inspect the copy.

48. Nothing in standing order 47:

(a) requires any document which discloses Exempt Information to be
included in the list referred to in standing order 45; or

(b) requires or authorises the inclusion in the list of any document
which, if open to inspection by the public, would disclose
Confidential Information.

49. The General Counsel shall exclude from the copies of reports provided
under standing order 45, the whole or part of any report which contains
Confidential Information and may exclude from the copies of reports
provided under standing order 45, the whole or part of any report which,

Part 3: Scheme of Authorities

Introduction

144. Notwithstanding the delegations contained in Standing Orders, before any Transaction, Project or any part of a Programme is entered into on behalf of any member of the TfL Group the necessary Authorities must have been obtained in accordance with this Scheme of Authorities.

145. However, this Scheme of Authorities does not apply to the following Subsidiary Entities (which have their own schemes for authorising activities undertaken on their behalf):

(a) London Transport Museum Limited;
(b) London Transport Museum (Trading) Limited;
(c) London Transport Insurance (Guernsey) Limited; and
(d) TfL Trustee Company Limited (as trustee for TILPF).

Types of Authorities

146. All Transactions, Programmes and Projects require Financial Authority.

147. The other Authorities that may be required before proceeding with a Transaction, Programme or Project are:

(a) Programme and Project Authority;
(b) Land Authority; and
(c) Procurement Authority.

148. Authorities are required in relation to income, as well as expenditure, as described under the specified Authority headings below.

Financial Authority

149. Financial Authority is the authority to:

(a) spend money;
(b) receive income;
(c) incur a financial liability (that is, a legal obligation to pay money to another party if specific, predetermined circumstances arise); or
(d) redistribute funds to relevant third parties in respect of their respective allocated budgets.

150. Financial Authority will be automatically granted to the extent that an activity or Programme or Project is ‘budgeted’ (see standing order 152 below).

Standing Orders from 10/11/2017.
151. To the extent that an activity, Programme or Project is 'unbudgeted' (see standing order 152 below), Financial Authority must be obtained as follows:

(a) in respect of a Programme, Project or Transaction, Financial Authority must be obtained from a body or Postholder authorised to grant Financial Authority for unbudgeted Transactions (see Table of Authorities below);

(b) in respect of a Land Transaction, Financial Authority must be obtained from a body or Postholder authorised to grant Financial Authority for unbudgeted Land Transactions (see Table of Authorities below);

(c) in relation to any other activity, written approval must be obtained from those authorised to enter into unbudgeted expenditure, or those authorised to approve virement of expenditure (that is, the transfer of resources from one budget area to another), in accordance with applicable financial procedures as issued by the Chief Finance Officer; and

(d) in relation to the receipt of income resulting from Planning Obligations that is unbudgeted, Financial Authority must be obtained from a Postholder authorised to grant Financial Authority for unbudgeted Transactions (see Table of Authorities below) save that the Commissioner's authority to grant such Financial Authority is unlimited.

152. An activity is 'budgeted' if funding (income or expenditure) for that specific activity is included in the TfL Group Budget for the current financial year and future years of the TfL Business Plan, as approved by the Board and amended by any approved variations. A Programme or Project is 'budgeted' when there is full funding in the TfL Group Budget for the current financial year and future years of the TfL Business Plan, as approved by the Board and amended by any approved variations. Where the cost of an activity, Programme or Project is greater than the budgeted sum, the size of the 'unbudgeted' element determines the level of Financial Authority required. Details of approved TfL Group Budgets and TfL Business Plans are as advised by Group Finance.

153. The exercise of any Financial Authority granted is subject to:

(a) securing any specific approval required;

(b) compliance with any restrictions included in the TfL Business Plan; and
(c) compliance with Standing Orders, financial standards and instructions issued by the Chief Finance Officer and all other relevant TfL policies and procedures.

**Programme and Project Authority**

154. Programme and Project Authority is the authority to do the following in respect of a Programme, or any part of it, or any other Project:

(a) spend money;
(b) receive income;
(c) incur a financial liability (that is, a legal obligation to pay money to another party if specific, predetermined circumstances arise); or
(d) redistribute funds to relevant third parties in respect of their respective allocated budgets.

155. Programme and Project Authority must be granted by a body or Postholder authorised to grant Programme and Project Authority (see the Table of Authorities below).

156. Expenditure may be incurred in respect of any matter for which Programme and Project Authority will be required before obtaining such Authority to the extent necessary to determine the feasibility of that matter, which will not extend beyond developing a concept design for that matter.

157. Where a Programme entails any Land Transaction or the disposal of assets, Land Authority is incorporated into any Programme and Project Authority given, without the need for separate Land Authority, provided the value of the Land Transaction or disposal concerned has been included in the Programme and Project Authority given.

158. A report will be submitted to each ordinary meeting of the Programmes and Investment Committee summarising any Programme and Project Authority given by the Commissioner or the Chief Finance Officer since the last Committee Meeting.

**Land Authority**

159. Land Authority is the authority to engage in a Land Transaction or to dispose of any assets.

160. Land Authority must be granted by a body or Postholder authorised to grant Land Authority (see the Table of Authorities and standing orders 171 and 172 below).

161. In the case of a Land Transaction or disposal of assets for which authority is not provided within a Programme and Project Authority but...
for which Procurement Authority is required, that Procurement Authority required will automatically be granted when Land Authority is granted.

162. In addition to obtaining Land Authority (whether or not incorporated within a Programme and Project Authority) and all other Authorities required, consultation must take place with the Director of Commercial Development in respect of all terms and the method of acquisition or disposal before the Land Transaction is completed.

163. If the Mayor’s Opinion and/or the Secretary of State’s consent is required, the Land Transaction cannot be completed unless and until the opinion and/or consent has been obtained.

164. Expenditure may be incurred in respect of any matter for which Land Authority will be required before obtaining such Authority to the extent necessary to determine the feasibility of that matter.

Procurement Authority

165. Procurement Authority is the authority to make a binding or contractual commitment with a supplier for the purchase of goods, services, land or works or to receive income arising from TfL Group activities in the areas of goods, services land or works. Procurement Authority extends to any action required within any existing contracts or relationships (e.g. unsatisfactory performance deductions or giving notice and termination of contracts), except where actions relating to contract performance are in accordance with a pre-determined formula or process included in the contract.

166. No Procurement Authority is required to make a contractual commitment to give financial assistance to London local authorities under section 159 of the GLA Act.

167. Procurement Authority must be granted by a body or Postholder authorised to grant Procurement Authority (see the Table of Authorities below).

168. In respect of Land Transactions, Procurement Authority will automatically be granted when Land Authority is granted. Where a Land Transaction includes ancillary works or services for any member of the TfL Group, Procurement Authority will automatically be granted when Land Authority is granted. Where a Land Transaction is an ancillary part of a commitment which requires Procurement Authority, Land Authority will automatically be granted when Procurement Authority is granted.

169. Procurement Authority is exercised by release of an order or instruction from TfL’s electronic contract systems or by entering into a contract.
emergency situations, Procurement Authority may be exercised orally (and subsequently properly recorded by the person giving that authority) but must be confirmed (by the release of an order or instruction from TfL’s electronic contract systems or signature of a contract document) as soon as reasonably practicable.

Authorising Bodies and Postholders

**Requirements relating to the grant of authorities**

**Approving Officers**

171. Authorities may be granted by Officers other than those specifically identified in the Table of Authorities above, provided that the Officer granting Authority has been given permission in writing to do so in accordance with guidance which will be issued by the Chief Finance Officer and subject to the maximum level set out in the Table of Authorities, except where a higher level of permission has been granted in accordance with standing order 172.

172. The Commissioner or the Chief Finance Officer may give written permission for an Officer to grant Authorities above that Officer’s

Standing Orders from 10/11/2017.
payband level subject to the maximum amount set out in the Table of Authorities against the Officer giving permission for the Authority concerned.

173. Officers giving approval must ensure that the correct level of authorisation is recorded in SAP for those Officers they have approved to grant Authorities.

174. In an emergency the following Officers may approve unbudgeted expenditure in excess of their respective levels of Financial Authority for urgent activities required to safeguard the operation, and/or protect the assets, of any part of the TfL Group and this will be reported to the next meeting of the Programmes and Investment Committee:

(a) the Commissioner;
(b) in the absence of the Commissioner, the Acting Commissioner;
(c) in the absence of the Commissioner and the Acting Commissioner, the Chief Finance Officer; or
(d) in the absence of all the above persons, the Managing Director with operational responsibility for the matter concerned.

Valuation

175. Requests for any type of Authority must not be broken down in such a manner that, as a result, a lower monetary value level of Authority is required, so as to avoid:

(a) a requirement for seeking authority at a higher level; or
(b) compliance with UK procurement regulations.

176. In determining the appropriate level of any Authority in relation to the Crossrail Project, the value of an individual transaction forming part of the Crossrail Project is to be taken as the relevant value and not amalgamated with the overall value of the Crossrail Project.

177. In calculating the value of a Land Transaction for the purposes of determining the appropriate level of Land Authority:

(a) the total aggregated potential financial commitment (both income and expenditure but excluding any statutory interest payable or receivable and excluding any returns estimated to be made after the Land Transaction has been entered into) for all components of the Land Transaction must be taken into account. This includes, for example, the value of any land to be disposed of or acquired, fees, taxes such as Stamp Duty Land Tax and irrecoverable VAT, the cost of any associated works, indemnities, guarantees, the amount of any investment together with any tolerances for risk and/or

Standing Orders from 10/11/2017.
contingency as may be required under guidance that may be
issued by the Chief Finance Officer;

(b) where any sums are unknown at the time that Land Authority is
requested (for example the amount of any investment) Land
Authority may be sought basing the valuation on information known
at that time (including any contingency). Further Land Authority
may be required at a later date when the true amount is known (if
higher) and the level of Land Authority required for the subsequent
element should be determined by aggregation that subsequent
element with the initial value of the Land Transaction; and

(c) the value of any guarantee to be given by any member of the TfL
Group as part of a Land Transaction shall not be taken into account
where the primary obligation itself has been included in the value of
the Land Transaction.

178. In calculating the cost of a Programme for the purposes of determining
the appropriate level of Programme and Project Authority, the total gross
amount estimated to be incurred on all components of the Programme
must be used, including payments to external suppliers and to third
parties and internal costs specifically charged to the Programme
together with any tolerances for risk and/or contingency as may be
required under guidance issued by the Chief Finance Officer. That
guidance will also describe the parameters within which component
parts of a Programme (such as budget, scope and timing of delivery)
may be varied within an existing approval from the Programmes and
Investment Committee.

179. In calculating the cost of a Project for determining the appropriate level
of Programme and Project Authority, the total gross amount estimated to
be incurred must be used, including payments to external suppliers and
to third parties and internal costs specifically charged to the Project for
all tasks (including unbudgeted maintenance obligations) procured solely
to deliver the full Project scope. Where the Chief Finance Officer gives
guidance on the amounts to be allocated for risk and contingency, they
must be included.

180. In determining the appropriate level of Procurement Authority (including
the value of any ancillary Land Transaction) the total value of the
contract should be used, plus the value of identified risk items relevant to
that contract. Subject to standing order 175, where several related
contracts are to be entered into, whether or not they form part of a
Programme, they should be valued on a contract by contract basis for
Authority purposes.

Standing Orders from 10/11/2017.
181. Where a Transaction is of an indefinite duration the estimated value for the purposes of the Authorities is the total gross amount of the consideration that is expected to be paid in the first four years. In relation to Land Transactions, specific valuation guidance should be sought from the Director of Commercial Development.

182. Where any Programme, Project, Land Transaction or other Transaction is anticipated to receive income as well as incur expenditure, an estimate of that income should be added to the estimated expenditure for Authority valuation purposes, not deducted from it.

Variations

183. Variations resulting in a change to the approved amount of any Authority must be approved in accordance with the table in standing order 170 and regard must be given as to the impact of any increase in value on:
(a) any applicable procurement procedures;
(b) UK procurement regulations; and
(c) EU procurement directives.

184. Subject to standing order 185, the level of Authority required for a proposed Variation is based on the total of:
(a) the original value of the Authority;
(b) the value of the current proposed Variation; and
(c) the aggregate value of all previous Variations (if any).

185. The body or Postholder approving a Variation can require that all or some specified subsequent Variations be authorised at a higher level of Authority.

186. The calculation for the purposes of standing order 184 for any specific Variation in respect of PPP or PFI activities shall not include:
(a) the value of the original Authority to establish a PPP or PFI; or
(b) the aggregated total value of any previous Variations to that original PPP or PFI Authority.

Procurement activities

187. Except as set out in standing order 188, the following Transactions must only be entered into following a competition conducted through a tender process or by competitive quotation:
(a) any activity either orally or in writing which commits, or may be taken to commit, the TfL Group to any contractual relationship, including the issue of letters of intent; or

Standing Orders from 10/11/2017.
(b) the sale or other disposal of surplus assets.

188. The following Transactions may proceed other than through competitive tender, subject always to meeting the requirements of the EU procurement directives and UK procurement regulations:

(a) Transactions of small monetary value as defined in local procurement procedures issued by the Chief Procurement Officer, the relevant Managing Director or relevant Head of Commercial;

(b) Land Transactions; and

(c) any other Transactions prescribed by procurement procedures issued by the Chief Procurement Officer and/or local procurement procedures issued by the relevant Managing Director or relevant Head of Commercial.

189. Notwithstanding any other authority given by this standing order, where it is proposed that a Transaction (other than a Land Transaction) over the value of £500,000 be entered into other than through a competitive process, the Chief Finance Officer must give approval before any agreement is made with or instructions given to a supplier. Such a Transaction may be subject to review by the Chief Finance Officer (or such person as he or she may nominate from time to time) if he or she so requires. Where the Chief Finance Officer has been directly involved in the transaction, the Commissioner must give approval and the Transaction may be reviewed by the Commissioner (or such person as the Commissioner may nominate from time to time).

190. All transactions must be expressed to be governed by English Law unless otherwise agreed by the General Counsel or the Director of Legal.
