

# Knowledge of London Points List

Edition 1

February 2025

This document contains a list of 'points of interest' to be learnt by applicants who are currently studying the Knowledge of London. This document only applies to candidates studying the 'All London' Green Badge Knowledge.

This document should be read in conjunction with the:

- Guide to learning the Knowledge of London – All London driver's edition. (commonly known as the 'Blue Book')
- Knowledge of London – An introduction to learning the Knowledge of London and the examination process

The list contains just over 6000 'points of interest'. These points will be asked on all Knowledge of London assessments including Stage 1 and 2 exams, as well as Stages 3-5 Knowledge of London appearances. Points will include places such as theatres, hotels, restaurants, as well as streets, roads, and squares.

It is recommended that the points listed should be learnt in conjunction with the 320 routes listed in Guide to learning the Knowledge of London – All London driver's edition.

New editions of this list will be published on the Taxi and Private Hire Knowledge of London webpage every three months. For 2025 candidates can expect a new edition to be published on the following dates:

- **Edition 1** - February 2025
- **Edition 2** – May 2025
- **Edition 3** – August 2025
- **Edition 4** – November 2025

Please note: any additional points of interest added to future editions will be highlighted yellow to help candidates identify changes. These places of interest will remain yellow for one edition. Candidates will have a calendar month to familiarise themselves with the additional points before being asked them during assessments. For example, if a new restaurant was added on 1 April it could then be asked in assessments from 1 May onwards.

As of Monday 10 February 2025, Knowledge of London candidates will only be asked points of interest from the list during assessments. If a candidate is asked a question which is not noted on the list, they should notify us within five working days by emailing [TPHKnowledge@tfl.gov.uk](mailto:TPHKnowledge@tfl.gov.uk).

## Useful information

While learning aids are a useful resource and can be helpful (e.g. books, videos, paper-based or digital maps, apps or any other kind of navigation system), practical knowledge is essential; you can only get this by physically visiting the points on the list yourself.

Some points may cross over into two postcodes e.g.: Westbourne Grove. These points will not be doubled up and noted in two separate post code lists. When learning streets, roads, squares etc candidates should familiarise themselves with the whole road and not just the section that appears in one postcode.

When visiting a point of interest candidates should note all possible pick up and drop off locations. For example, stations and hospitals often have multiple entrance and exit points.

An examiner may specify that they wish to go to the A&E entrance of a hospital. Another example is theatres, which have a main entrance and often a separate stage door entrance which a passenger may want to be dropped off at.

When learning the 320 routes within the 'Guide to Learning the Knowledge' (the Blue Book) it is recommended that candidates should learn points of interest which fall within a quarter mile radius of the start and end locations of the run. Please note that some points within the list may fall just outside of a quarter mile radius. Candidates are still expected to learn these points.

### **Curiosity Points**

From **Stage 4 Appearances** onwards, candidates may be asked points on the list of 'Curiosity Points' noted within this document. This list contains some unusual and historical points which are useful for cabbies to know.

### **Points outside the 6-mile radius**

From **Stage 5 Appearances** onwards, candidates may be asked points on the list of 'Points outside the 6-mile radius' noted within this document. This is a list of major points of interest, such as All England Lawn Tennis and Croquet Club (Wimbledon Tennis) which fall outside of the 6-mile radius candidates are currently tested on.

If candidates have any questions with regards to the list of points, please contact us at [TPHKnowledge@tfl.gov.uk](mailto:TPHKnowledge@tfl.gov.uk)
