

# Starting a journey

## Journey facts

### Answer sheet

Here are some safety facts. Some are true and some are false. People will often guess when they are not sure of an answer, but when your life depends on it it's best to be sure! Read them carefully and then decide which ones are true and which ones are false.

<p><b>Traffic is the biggest killer of children and young people</b></p> <p>True. Most accidents happen in the area where the child lives.</p>	<p><b>There are Help Points on most piers, DLR and Underground platforms</b></p> <p>True. Refer to the Help Points Photo Cards.</p>	<p><b>An Underground train has a mass of 200 tonnes</b></p> <p>True. A full load of passengers will add at least 70 tonnes.</p>	<p><b>You should never talk to a bus driver when they are driving.</b></p> <p>False. You can talk to them in the event of an emergency.</p>
<p><b>Only one rail on the Underground carries the electrical current</b></p> <p>False. All four rails carry electricity.</p>	<p><b>There are more road accidents in winter</b></p> <p>False. There are more accidents in summer.</p>	<p><b>If you find an unattended bag you should pick it up and give it to a member of staff</b></p> <p>False. Don't touch it, get away from it and report it.</p>	<p><b>When cycling you do not have to obey road signs or signals</b></p> <p>False. Cyclists are considered road users.</p>
<p><b>You are not allowed to stand on the stairs or upstairs on a double decker bus</b></p> <p>True. It is dangerous in case you fall down the stairs or hit a window.</p>	<p><b>Most accidents happen on the escalators on the Underground</b></p> <p>True. You need to stand facing forward and hold on with your right hand. Do not run.</p>	<p><b>If you saw an object on a DLR track you should pick it up</b></p> <p>False. Leave it where it is and tell a member of staff or use the Help Point.</p>	<p><b>A bus has a mass 15 times as much as a family sized car</b></p> <p>True. It has a mass of up to 15 tonnes.</p>
<p><b>A family sized car has a mass of one tonne</b></p> <p>True. You have an 80 per cent chance of being seriously injured or killed if you are hit at 40mph.</p>	<p><b>You should only use a help point in an emergency</b></p> <p>False. You can use the information button to ask advice.</p>	<p><b>You should wait your own body length away from the road or any platform edge</b></p> <p>True. If you fall over your whole body will land in a safe place.</p>	<p><b>A member of staff can be identified by a uniform or ID badge</b></p> <p>True. Always ask a member of staff for help rather than a stranger.</p>
