

# Tideway at Blackfriars Bridge - Temporary changes to Cycle Superhighway 20 February 2017 - 2021

-  New routes for cyclists on CS3 and interchanging with CS6
-  Construction site - Section of CS3 Cycle Superhighway, interchange with CS6 Cycle Superhighway and footway closed
-  Existing two-way Cycle Superhighway
-  General traffic lanes
-  Construction site entrance and exit
-  Construction site entrance - In use and marshalled during off peak hours only (10:00-16:00)
-  Pedestrian crossing

Cyclists using CS3 and/or interchanging with CS6 use signalised crossing at junction with Temple Avenue

New signalised crossing for cyclists on CS3 over eastbound traffic lane

Cyclists interchanging between CS3 and CS6 dedicated two way cycle lanes. Cyclists segregated from traffic lane

Eastbound traffic only. Westbound traffic on diversion

Slip road closed. Blackfriars Underpass open as usual

A new lift and relocated steps will maintain access to the Thames Path for pedestrians

Tideway construction site - section of CS3, interchange with CS6 and footway closed

CS3 continues on Blackfriars Underpass
