Tendering Programme Update

12th April 2024

The current contract for route 125 will now terminate early on 31st January 2025. The route will therefore be added to the 2024 - 2025 Tendering Programme as Tranche 903B.

Route 498 has had a two-year extension agreed under the terms of the Quality Incentive Contract, therefore it will no longer form part of the 2025 - 2026 Tendering Programme.

The Tendering Programme is revised as shown in the following tables:
