Foreword

This document details all interior and exterior notices that are to be applied to the London Underground Victoria line fleet (2009 Tube stock). Locations for the notices are also provided.

Approved artwork for each notice shown is available from the TfL Graphics team (corporatedesign@tfl.gov.uk). No other artwork is to be used.

Note
This document does not detail any driver cab notices.

Any changes to this document that affect the labelling on the vehicles will require a Change to Rolling Stock (CRS) to be raised, unless stated otherwise.

For further information, See S2180 ‘Standard for Rolling Stock’ section A3.4.1, guidance document GI100 and forms F5715 and F5716 f, and contact the Head of Rolling Stock Document Review (SMBHoRSDocumentRevie@tfl.gov.uk).
This section outlines the basic elements that are used to produce graphic notices for the London Underground fleet. This includes the use of the corporate typeface and colours.

For further information, see the design standards at tfl.gov.uk/corporatedesign
1.1 Typography

Our typeface is Johnston, which should
be set in mixed upper and lower case.

New Johnston (NJ Font) Medium is the
only typeface that should be used for
train notices unless it is specifically
stated otherwise.
1.2 Colours

These colours should be used on the London Underground fleet to produce graphic notices.

The Pantone Matching System (PMS) is to be used for print purposes.
